

Shayma

Today is my first and last chance to persuade you to vote for me to become head girl. I am an experienced student, with seven years at this school. I believe I have what it takes for this very important position. I am also inspiring, loyal, kind, positive and I have brilliant ideas to add to the school which I will be mentioning later on in my speech.

First things first, the learning. I believe that learning should be fun since this will help children remember and participate at home and school. It will also make them want to come to school and learn.

As head girl, I will provide two more hours of PE a week – which means four hours per week – in the curriculum. The sports that will be taught are tennis, badminton, basketball, football, golf and so much more! This will not only help children improve their flexibility and muscles, but It will also help them get fresh air that will help them concentrate on their learning.

I would also like to add more clubs. The first club that I would add is a club for deaf people to learn sign language. It will help them talk with peers and make their learning easier.

The second club I would like to add is a writing club to improve people's writing.

Last but not least, I want our school to link with our local community and nearby schools. This will help us learn from each other – there will be more ideas and more friends.

And that is why you should vote for me. It would be a dream come true if I were to play the role of head girl.

Thank you for listening.

I am inspiring, loyal, kind, positive and I have brilliant ideas to add to the school
